uPLAY FreeClimb

The uPLAY FreeClimb System combines graceful curves and dynamic suspended elements to create unique climbing adventure.

"The Floor Is Lava" was never so much fun!

The uPLAY FreeClimb System challenges children to play without limits. With no defined entry point, children will constantly find new ways to engage in play with their peers. As they learn to navigate the industrial-looking structures, they explore their problem-solving skills and resourcefulness. All uPLAY FreeClimb structures feature 5" steel uprights made with recycled metal.

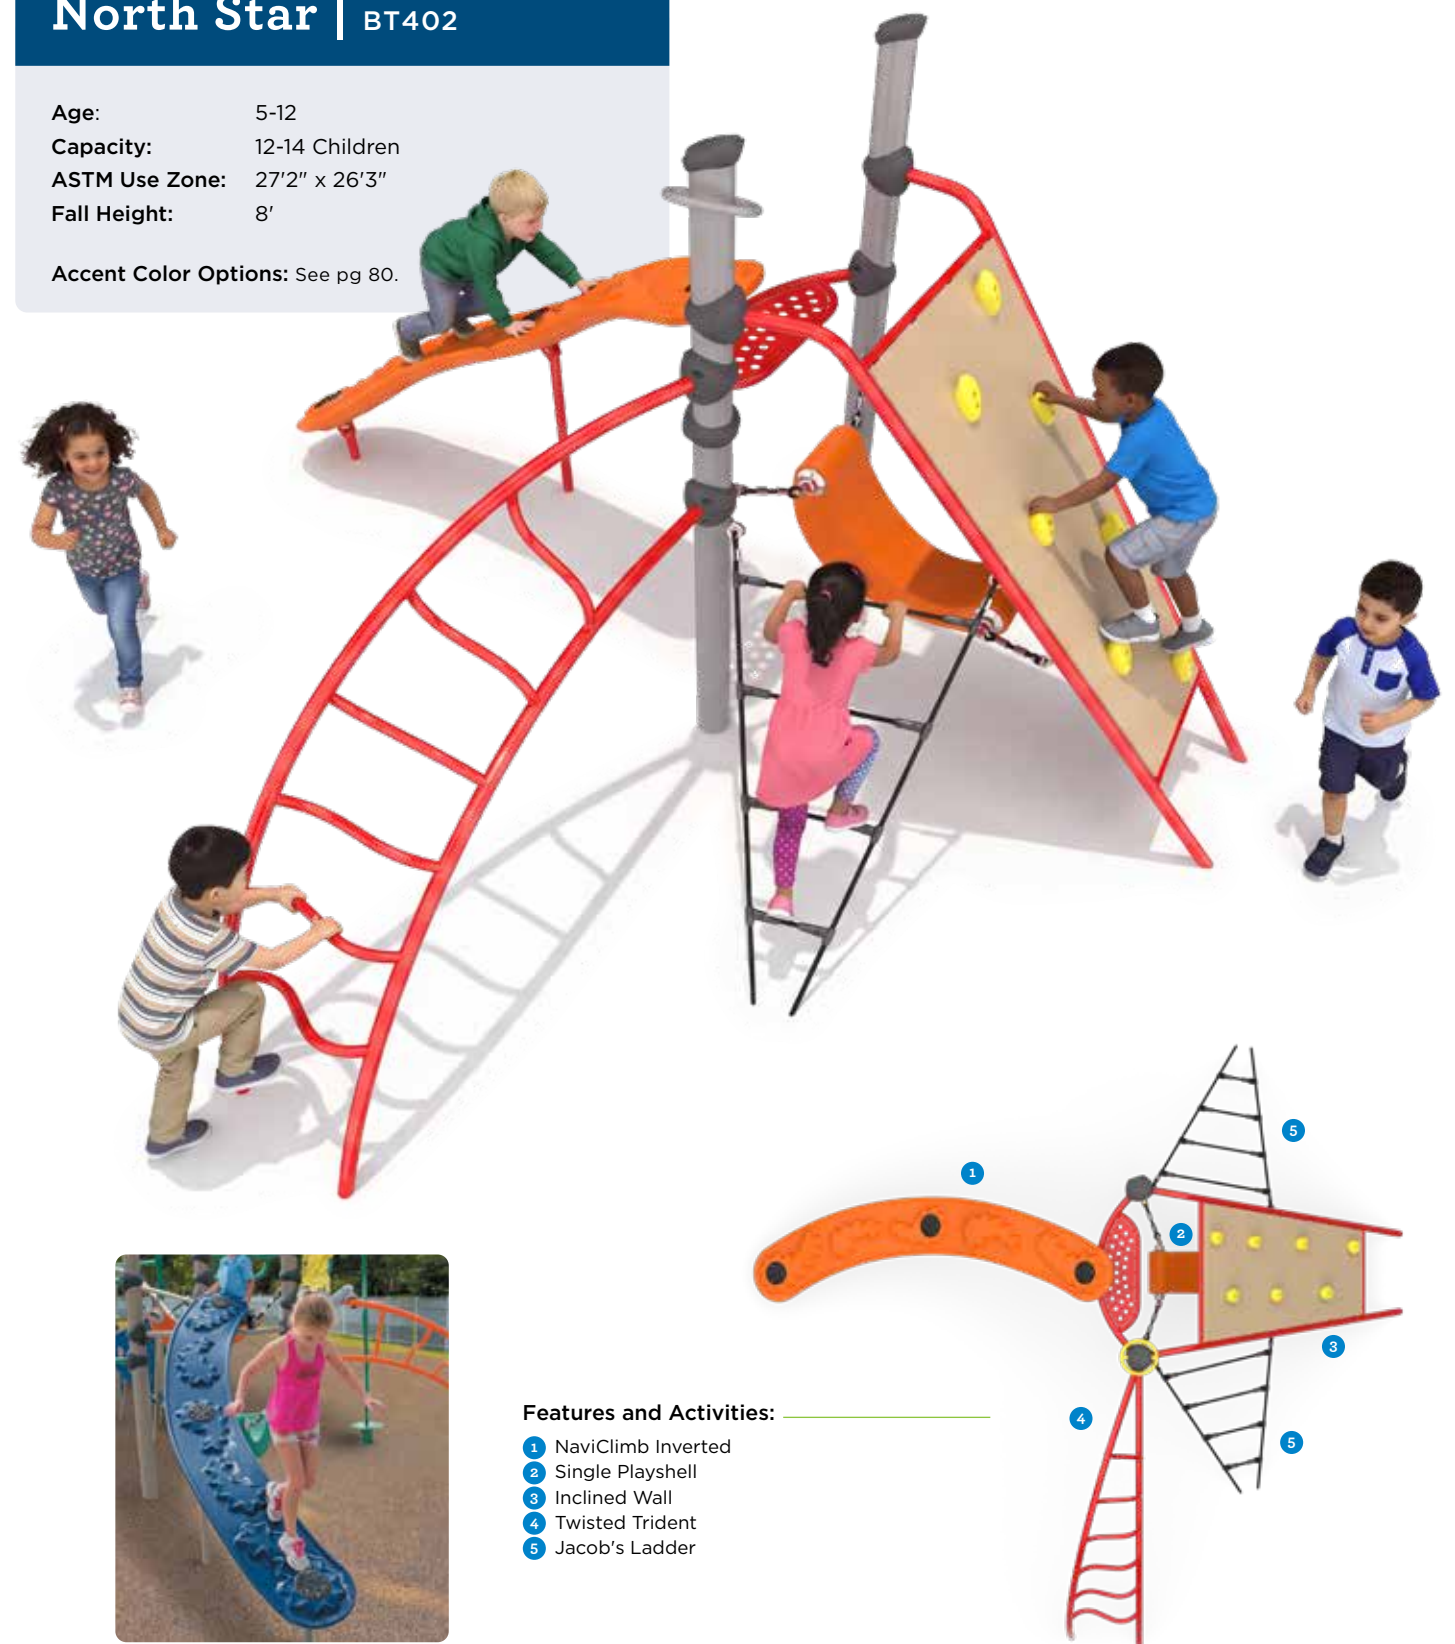

Because of their unique construction, uPLAY FreeClimb structures are available with a wide range of accent colors - see page 80.

North Star | BT402

Age: 5-12
Capacity: 12-14 Children
ASTM Use Zone: 27'2" x 26'3"
Fall Height: 8'

Accent Color Options: See pg 80.

Features and Activities:

- 1 NaviClimb Inverted
- 2 Single Playshell
- 3 Inclined Wall
- 4 Twisted Trident
- 5 Jacob's Ladder

Warning: Installation over a hard surface such as concrete, asphalt, or packed earth may result in serious injury from falls.

Nina | BT407

Age: 5-12
Capacity: 12-14 Children
ASTM Use Zone: 23'0" x 27'5"
Fall Height: 8'

Accent Color Options: See pg 80.

Features and Activities:

- 1 Swoop Climb
- 2 Double Disk Cable
- 3 Suspended Playshell
- 4 Twisted Trident
- 5 Single Disk Climber
- 6 Helix Spinner

Global | BT410

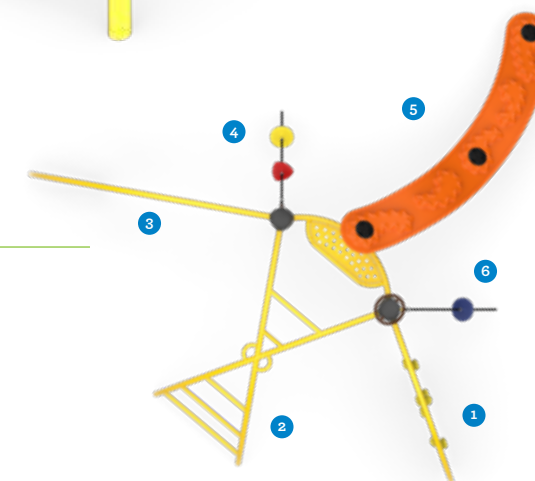

Age: 5-12
Capacity: 8-12 Children
ASTM Use Zone: 27'3" x 26'11"
Fall Height: 6'

Accent Color Options: See pg 80.

Features and Activities:

- 1 Challenge Climb
- 2 X-Climber
- 3 Explorer Wall
- 4 Double Disk Cable
- 5 NaviClimb
- 6 Single Disk Cable

Expedition | BT411

Age:	5-12
Capacity:	20-24 Children
ASTM Use Zone:	37'4" x 28'0"
Fall Height:	8'

Accent Color Options: See pg 80.

Features and Activities:

- 1 Stretching Ring
- 2 X-Climber
- 3 Active Link
- 4 Jacob's Ladder
- 5 Suspended Playshell
- 6 Inclined Wall
- 7 NaviClimb

Largest of our FreeClimb structures, the Expedition offers endless and progressive levels of climbing challenge. Perfect for encouraging children to explore their boundaries while developing core strength, spatial awareness, balance, and agility.

Early Childhood Play Made Easy.

Discovery Centers offer play specifically designed to foster development of kids aged 6-23 months and 2-5 years.

Great Value In Early Developmental Play!

① Easy to Install No Concrete or Digging Required

② Saves Money Affordable, Great for Volunteer Builds

③ Focus on Early Development Help Foster Growth in Critical Developmental Areas:

- Gross Motor Development
- Music and Self-Expression
- Dramatic Play
- Multi-sensory Experiences
- Fine Motor Refinement

④ ASTM Compliant USA Tested and Certified - and -

Ships in 7 Days
Fast Delivery to Your Site

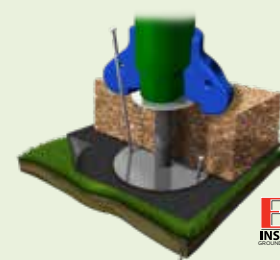

Benefits

- + Affordable
- + Easy to install
- + USA-Tested and Certified
- + Superior detail and variety for hours of activity
- + Quick ship
- + Meets ASTM F1487

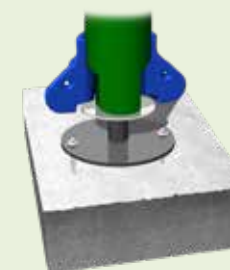

Mounting Options*

Choose from Ground Spikes or Surface Mount. Inground Kits sold separately.

See page 79 for surfacing options

Ground Spike Kit
(Loose Fill Surfacing)

**Surface Mount
Anchor Bolt Kit**
(Unitary Surfacing)

Inground Kit
(Unitary Surfacing)

Inground Kit
(Loose Fill Surfacing)

Features and Activities:

Ground Spike Kit: Included | Anchor Bolt Kit: 02-08-0210 | Inground Kit: 02-08-0234

The makers of Early Play are parents, too, and understand the importance of providing the best and most stimulating activities to enrich the play and learning experiences of young children. For children under two, who are growing at a remarkable pace, play is how they explore and absorb the world around them. Early Play offers a variety of sensory-rich opportunities designed to support developmental milestones while meeting licensing and accreditation requirements for early childhood education.

Research-Based Designs for Early Childhood Education Centers!

Meets ASTM F2373 standard for ages 6 to 23 months.

- 1 **Spinning Shapes And Gears**
to develop fine motor skills
- 2 **Cruise Rail**
helps toddlers practice walking and standing
- 3 **Mirror**
inspires self-discovery and recognition
- 4 **Bubble Panel**
facilitates teacher and peer interaction
- 5 **Visual Wheel**
provides sensory stimulation
- 6 **Indoor or Outdoor Use**
provides sensory stimulation

Early Play complies with national commercial safety standards to help meet licensing and accreditation requirements.

Optional **ComfyTuff** coated foam can be left outside, is mold/mildew resistant, and is soft for crawlers and toddlers.

EarlyPlay products featuring **ComfyTuff** have a smaller footprint than units with a coated steel deck in order to comply with ASTM standards for 6 to 23 months.

Sensory-rich play that enhances early childhood development.

Configurable for centers with limited space.

All surfaces are easy to clean.

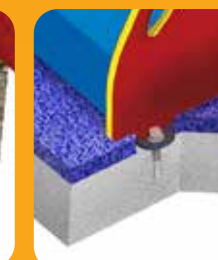

Durable materials are appropriate for full-time outdoor use.

Mounting Options

Mounting is not required indoors or out, but if you desire to install permanently, here are how the EarlyPlay mounting options work:

INGROUND

SURFACE MOUNT

The Crawl & Toddle

The **Crawl & Toddle** combines fun developmental elements for children ages 6-23 months: Cruise Rail, Spinning Shapes and Gears, Bubble Panel, Visual Wheel, and three ways to climb including stairs and a ramp. Hand holds are placed throughout to provide support for new walkers and cruisers.

Crawl & Toddle

FEATURING A COATED STEEL PLATFORM*

Capacity: 8 Children
Dimensions: 5'2"L x 3'8"W x 2'9"H
157 cm x 112 cm x 84 cm
Use Zone: 11'2" x 9'8"
340 cm x 295 cm

COLOR PALETTE OPTIONS:

PLATFORM Natural UP133
 PLATFORM Playful UP132

COATED STEEL
helps regulate temperature

Mounting Kits** (optional):

Surface Mount Kit: UP135
Inground Kit: UP134

*Coated Steel platforms are available in brown (Natural) and blue (Playful)
**Surface Mount Kit and Inground Kit packages sold separately

Crawl & Toddle

FEATURING A COMFYTUFF PLATFORM*

Capacity: 8 Children
Dimensions: 4'8"L x 3'6"W x 2'9"H
142 cm x 107 cm x 84 cm
Use Zone: 10'8" x 9'6"
325 cm x 290 cm

COLOR PALETTE OPTIONS:

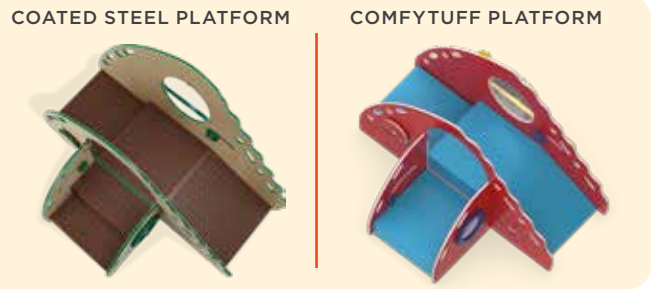

PLATFORM Natural UP131
 PLATFORM Playful UP130

COMFYTUFF
surface provides extra comfort

Mounting Kits** (optional):

Surface Mount Kit: UP135
Inground Kit: UP134

*ComfyTuff is only available in blue
**Surface Mount Kit and Inground Kit packages sold separately

Ideal for indoor classrooms, too!

Early Play

The Cruise-a-Long

The Cruise-a-Long carries the same great benefits as the Crawl & Toddle but with two access points instead of three. Perfect for smaller spaces.

Cruise-a-Long

FEATURING A COATED STEEL PLATFORM*

Capacity: 6 Children
Dimensions: 5'2"L x 2'1"W x 2'9"H
157 cm x 64 cm x 84 cm
Use Zone: 8'1" x 11'2"
246 cm x 340 cm

COLOR PALETTE OPTIONS:

PLATFORM Natural UP139
 PLATFORM Playful UP138

COATED STEEL
helps regulate temperature

Mounting Kits** (optional):

Surface Mount Kit: UP141
Inground Kit: UP140

*Coated Steel platforms are available in brown (Natural) and blue (Playful)
**Surface Mount Kit and Inground Kit packages sold separately

Cruise-a-long

FEATURING A COMFYTUFF PLATFORM*

Capacity: 6 Children
Dimensions: 5'7"L x 3'1"W x 2'9"H
170 cm x 94 cm x 84 cm
Use Zone: 10'6" x 8'0"
320 cm x 244 cm

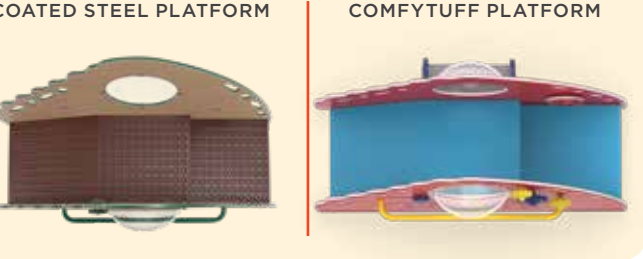

COLOR PALETTE OPTIONS:

PLATFORM Natural UP137
 PLATFORM Playful UP136

Mounting Kits** (optional):

Surface Mount Kit: UP141
Inground Kit: UP140

*ComfyTuff is only available in blue
**Surface Mount Kit and Inground Kit packages sold separately

NAEYC Criterion Number 9.B.01

RAMPS AND A PULL-UP BAR:

Young children are able to develop gross motor skills. Outdoor play areas designed with equipment that is age and developmentally appropriate and is located in clearly defined space with semi-private areas where children can play alone or with a friend and refine gross motor experiences such as balancing, crawling, and climbing.

Not for installation over hard surfaces such as concrete, asphalt, or packed earth. Refer to ASTM F2373 for public and supervised surfacing and use zone requirements. ASTM F2373 is available for purchase at www.astm.org.
Warning: Installation over a hard surface such as concrete, asphalt, or packed earth may result in serious injury from falls.

The Learn-a-Lot Play Station & Sensory Wall

The Learn-a-Lot is perfect for use indoors or out, and provides a versatile addition to any play space. The walls are modular and can be configured in a square or zig-zag, depending on your preference.

NAEYC Criterion Number 5.A.06

CAN BE USED OUTDOORS:
The indoor equipment for large motor activities meets national safety standards and should be supervised at the same level as outdoor equipment.

NAEYC Criterion Number 2.J.06

CHIMES AND MUSICAL WHEEL:
Children explore music and movement while creatively expressing themselves. They are provided many and varied open-ended opportunities and materials to express themselves creatively through music.

Learn-a-Lot

4-PANEL CONFIGURATION

Capacity: 16 Children
Dimensions: 6'2"L x 6'7"W x 11"H
188 cm x 201 cm x 61 cm
Use Zone: 12'9" x 12'9"
389 cm x 389 cm

COLOR PALETTE OPTIONS:

  Natural UP143
  Playful UP142

Mounting Kits* (optional):

BACK VIEW

The Big Outdoors

Meets ASTM F2373 standards and CPSC standards for ages 6-23 months.

Capacity: 16 Children
Dimensions: 6'9"L x 3'4"W x 2'3"H
206 cm x 102 cm x 69 cm
Use Zone: 9'4" x 12'9"
284 cm x 389 cm
Color Palette (as shown): UP146 Playful

Mounting Kits* (optional):

Surface Mount Kit: UP148
Inground Kit: UP147

*Surface Mount Kit and Inground Kit packages sold separately

Developmental benefits include:

- + Object Recognition
- + Expressive/Receptive Language Skills
- + Cause-and-Effect
- + Fine Motor Skills
- + Gross Motor Skills
- + Dramatic Play

NAEYC
Criterion Number 2.G.01

SPINNING GAME:
Children utilize fine motor skills as they spin multiple gears.
Infants and toddlers/twos are provided varied opportunities and materials to discover that they can make things happen and solve simple problems.

Not for installation over hard surfaces such as concrete, asphalt, or packed earth. Refer to ASTM F2373 for public and supervised surfacing and use zone requirements. ASTM F2373 is available for purchase at www.astm.org.
Warning: Installation over a hard surface such as concrete, asphalt, or packed earth may result in serious injury from falls.

A Unique Play System
Powered By Pure
Imagination!

What is Snug Play?

Snug Play is a creative approach to play spaces that allows children of all ages to play to their own ability. With no right or wrong way to play, children can create a dynamic play space that stimulates spontaneous play and cooperation as they create endless configurations. Ask your play consultant about short videos showing children and Snug Play in action!

- Kids can build their own playground
- Suitable for indoor or out
- Soft and cushiony, yet very durable
- Ideal for Early Childhood Centers, Special Events, Festivals, Therapeutic Areas, and Much More

The Learner System

The SnugPlay Learner System is the ideal introductory set that provides infants and toddlers access to loose parts play where they can explore on a soft, comfortable surface.

The Learner System

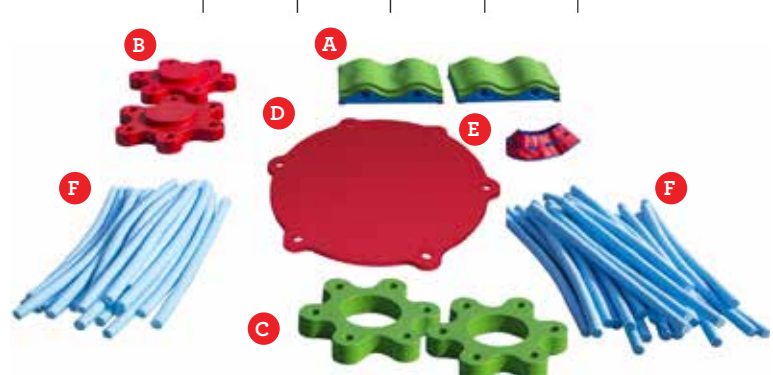

SNUG-LRN

Average Capacity: 10-15 Children
Average Space Needed: 11' x 11' / 121 sq. ft.
Weight: 170 lbs.

THE LEARNER SYSTEM INCLUDES

	A	B	C	D	E	F
	wave	bump	cog	pad	spider	noodle
ITEMS:						
QUANTITY:	2	2	2	1	1	50

The Expert System

Engages the largest number of children and includes the important elements of the mound and compact loop, which are used in a variety of ways for children from pre-k to upper elementary. It's the ideal system for the full snug play experience.

	wave	bump	cog	compact loop	cone (B)	cone (Y)	wall	pad	spider	noodle	mound
Items:											
Qty:	8	4	2	1	1	1	4	2	2	50	1

Average Capacity: 50-65 Children | Average Space Needed: 40' x 40' / 1,600 sq.ft. | Approximate Weight: 1,242 lbs.

The Advanced System

Offers a substantial quantity of the snug play elements, but takes up less space with a smaller loop ring and does not include the mound.

	wave	bump	cog	loop ring	cone (B)	cone (Y)	wall	pad	spider	noodle
Items:										
Qty:	6	3	2	1	1	1	3	1	2	50

Average Capacity: 40-50 Children | Average Space Needed: 35' x 35' / 1,255 sq.ft. | Approximate Weight: 615 lbs.

The Intermediate

Is ideal where there is less space available and when fewer children will be playing together at one time.

	wave	bump	cog	cone (B)	cone (Y)	wall	pad	spider	noodle
Items:									
Qty:	6	2	2	1	1	3	1	1	50

Average Capacity: 20-35 Children | Average Space Needed: 25' x 25' / 625 sq.ft. | Approximate Weight: 500 lbs.

The Elementary System

Includes a variety of snug play pieces that can be used to enhance learning experiences in any small setting.

	wave	bump	cog	cone (B)	wall	pad	spider	noodle
Items:								
Qty:	2	2	1	1	2	1	1	50

Average Capacity: 15-30 Children | Average Space Needed: 15' x 15' / 225 sq.ft. | Approximate Weight: 297 lbs.

The Primary System

Provides a modest number of snug play pieces that introduces children to the concept of loose parts play in a compact setting.

	wave	bump	cog	wall	spider	noodle
Items:						
Qty:	2	2	1	1	1	50

Average Capacity: 10-20 Children | Average Space Needed: 12' x 12' / 144 sq.ft. | Approximate Weight: 161 lbs.

The Storage Unit

A great option to keep elements of your kit organized.

The Mound Combo

The **Mound** dramatically transforms your play area's landscape and topography to inspire creative play, allowing children to create and experience various levels of terrain. They are only limited by their own imaginations!

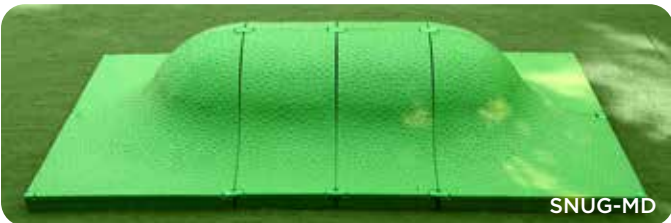

Mini Mound
Great for early childhood areas.

The Mini Mound + Plus
Our mid-size system offers lots of possibilities.

The Standard Mound + Plus
Provides additional surface area for creative play.

The Standard Mound
Our most popular combo. Jump it. Climb it. Walk it.

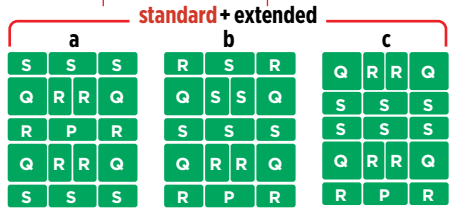

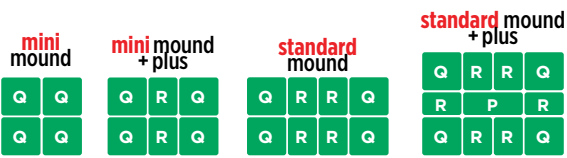

The Standard + Extended
Our largest system with endless combinations.

MOUND COMBOS DETAILS

Mound Component	Weight	Dimensions	Shape	mini mound SNUG-MMD	mini mound + plus SNUG-MMDP	standard mound SNUG-MD	standard mound + plus SNUG-MDP	standard + extended SNUG-MDX
Q quad	52 lbs.	39.5" x 39.5" x 23" 100 cm x 100 cm x 58 cm		4	4	4	4	4
R ramp	41 lbs.	39.5" x 19.5" x 23" 100 cm x 50 cm x 58 cm		0	2	2	6	6
P platform	45 lbs.	39.5" x 19.5" x 23" 100 cm x 50 cm x 58 cm		0	0	0	1	1

MOUND COMBOS OVERHEAD CONFIGURATIONS

Warning: Installation over a hard surface such as concrete, asphalt, or packed earth may result in serious injury from falls.

The Loop Combos

The Loop Ring

Consisting of 6 pieces, the Loop Ring is great for games, balancing and socializing.

SNUG-LPR

The Compact Loop

Allows for creativity, games, and changing landscapes consists of 9 pieces.

SNUG-CLP

The Full Loop

Our largest and most popular combo.

SNUG-FLP

18 pieces

Allow children to create a unique and changeable landscape through cooperation.

The Loop can be reconfigured by children using hook-and-loop fastening Belts. Metal plates and bolts are also included for utilizing the Loop as a fixed structure.

FREE NOTES

HARMONY PARK™

Concert-Quality Instruments

Freenotes Harmony Park offers concert-quality outdoor musical instruments that are beautiful to play regardless of musical skill. Designed by a Grammy Award-winning musician, these instruments use the Pentatonic Scale, which creates a naturally pleasing sound no matter which notes are played together. Each piece is built specifically for the outdoors using heavy duty impact resistant materials engineered for continuous exposure to elements and frequent use. Best of all, Freenotes are accessible to people of all ages and abilities, encouraging physical and cognitive development through the exploration of sound.

- + Handcrafted
- + No Wrong Notes
- + Durable and low maintenance
- + Designed for all ages and abilities

The Benefits of Music

Music is good for your brain:

Music helps build reasoning skills, increases the size of your memory, refines time management and organizational skills, and encourages perseverance.

Music is good for your soul:

Playing music helps build confidence, encourages creativity and self-expression, reduces anxiety, and helps relieve symptoms of depression.

Music is good for your heart:

Playing and listening to music can reduce stress, ease pain, lower blood pressure, and improve sleep.

Beautiful Music with No Experience Required!

NatureROCKS®

A boulder way to play!™

NatureROCKS® playground boulders and play elements bring exciting and authentic climbing experiences to any park or playground.

- Molded from real rock outcroppings to give each boulder a truly organic look and feel
- Made from durable Glass Fiber Reinforced Concrete (GFRC) that will hold up against a range of climates and frequent use
- Configure boulders alone, in sets, or in conjunction with other play equipment
- Hand-painted in sandstone or granite finishes to bring beauty to the landscape and complement naturalized play spaces
- Available in a range of sizes to offer climbing experiences for young children, teens and adults

Nature-Themed Balance Elements

NatureROCKS®

A boulder way to play!™

Encourage imagination with climbing boulders and play elements inspired by the best of nature. Durable GFRC construction and inground mounting makes NatureROCKS perfect for high-use play spaces.

BOULDER FINISHES

NOTE:

All NatureRocks boulders require the pouring and curing of a 12 inch thick concrete pad reinforced with rebar, prior to installation.

Netted Boulders

Add an extra challenge to NatureROCKS® Boulders with climbing nets! Durable nets are attached to boulders or log posts to create a unique and fun nature play climbing area.

Enhance Your Play Space with Freestanding Activities!

From spinners and swings, to playhouses and panels, there is something for every playground to add variety and excitement.

Dynamic Motion

Supersonic Spinner
UP113

- Ages 5-12 years
- Use zone: 19'8" Diameter
- Color Options p. 75

Supersonic Spinner-Mini
UP117

- Ages 5-12 years
- Use zone: 17'6" Diameter
- Color Options p. 75

Cozy Pod Spinner
UPLAY-033

- For ages 2-5 or 5-12
- Use Zone: 21'7" Diameter
- Color as shown

Whirl & Twirl

BT-002 / BT-003 with Clicking
Spinning on a tilted axis allows kids to use gravity to aid in self-propulsion. Also available with "clicking" sound to add another sensory feature to this playground favorite!

- For ages 2-5 or 5-12
- Use Zone: 15'7" Diameter
- Inground mounting only (Mounting Kit included)

Synchro Spinner
MBT410

- For ages 5-12
- Use Zone: 14'0" Diameter
- Inground mounting only (Mounting Kit included)
- Color Options p. 75

SynchroPod
MBT430

- For ages 5-12
- Use Zone: 14'0" Diameter
- Inground mounting only (Mounting Kit included)
- Color Options p. 75

Cyclone
BT441

- For ages 2-5 or 5-12
- Use Zone: 18'2" Diameter
- Color as shown

Mini Cyclone
BT440

- For ages 2-5 or 5-12
- Use Zone: 16'4" Diameter
- Color as shown

Rotomolded Frog and Whale Spring Riders

- Rotomolded body
- Colors as shown
- Heavy-duty surface mount steel spring
- Anchor "J" bolts included for mounting
- Use zone: 17'0" x 17'0"

Model	Age	Description
UP107	2-5 or 5-12	Frog
UP108	2-5 or 5-12	Whale

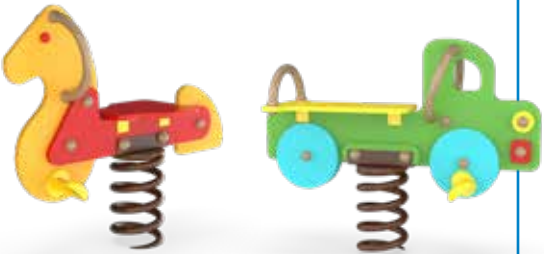

Dolphin Spring Rider

- MEC128**
- Appropriate for ages 2-5
 - Colors as shown
 - Use zone: 15'0" x 13'7"

HDPE Horse and Truck Spring Riders

- HDPE body
- Heavy-duty surface mount steel spring
- Anchor bolts included for mounting
- Colors as shown
- Use zone: 15'0" x 13'0"

Model	Age	Description
02-07-0053	2-5	Horse
02-07-0054	2-5	Truck

2-Rider Spring Seesaw

- 02-07-0055 (ages 2-5)**
- Appropriate for ages 2-5
 - Powder-coated blue frame with red seats
 - Anchor bolts included for mounting
 - Inground mounting kit also available: #02-07-0187 (sold separately)
 - Use zone: 20'0" x 13'0"

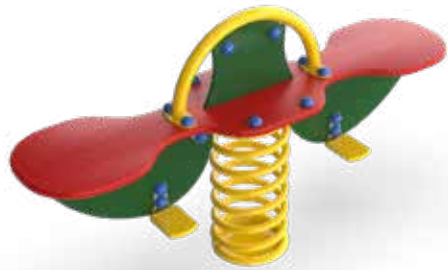

Seahorse Spring Rider

- MEC129**
- Appropriate for ages 2-5
 - Colors as shown
 - Use zone: 15'1" x 13'0"

Dynamic Motion (cont'd)

Duo Spring Rider
MEC125

- Appropriate for ages 2-5
- Use zone: 14'0" x 16'0"
- Color Options p. 75

Minivan Spring Rider
MEC120

- Appropriate for ages 2-5
- Use zone: 13'6" x 14'6"
- Color Options p. 75

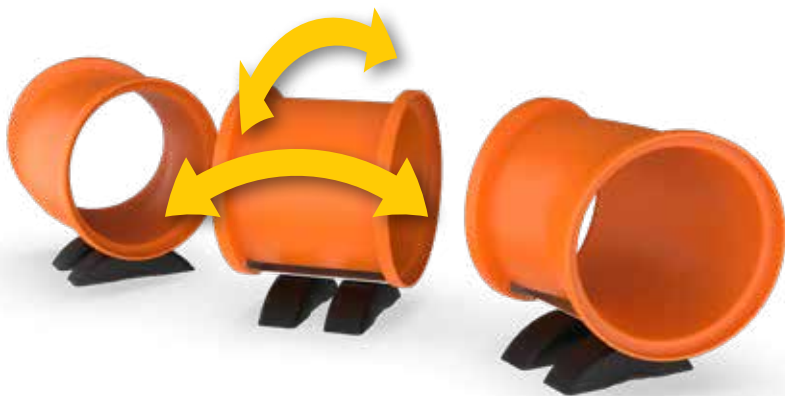

Motorcycle Spring Rider
MEC127

- Appropriate for ages 2-5
- Use zone: 15'7" x 13'1"
- Colors as shown

Moving Tunnels MEC625

Rock to-and-fro as well as side-to-side on each segment of this wacky tunnel! Kids love to crawl through, over, and around on this dynamic play-ground feature!

- Appropriate for ages 5-12
- Use zone: 24'0" x 18'0"
- Color Options p. 75

Trackride MBT457

Trackride is an overhead adventure that develops children's upper body strength, coordination, and self-esteem, and is constructed with industrial grade rollers that surpass competitors in quality and durability.

- Appropriate for ages 5-12
- Use zone: 31'0" x 16'6"
- Color Options p. 75

Music & Dramatic Play

Drums & Rain Wheel Set (ages 2-5 or 5-12)

Offer even more sound play with the **Drums & Rain Wheel Set**. Activities that provide music and movement teach children about cause-and-effect while providing sensory development. Children will hear the different sounds made from the upbeat Bongo Drums, the deeper sound of the Bass Drum and the calming rush of the Rain Wheel. Set includes Bongo Drum, Bass Drum, and Rain Wheel.

Add-on packages require 1-2 unobstructed posts. Ask your representative to help identify the best placement of components to enhance your play space.

Bass Drum

Rain Wheel

...and Bongos!

- Great upper body development for ages 5-12
- 2-3/8" O.D. galvanized zinc tubing
- 1-1/4" wide x 12' long x 80" high (installed)
- Use zone: 24'0" x 14'0"
- Color as shown

Early Childhood Horizontal Ladder PJHLAD

- Great upper body development for ages 2-5
- The Tire Boost Package (02-01-0025) adds height assistance and helps prevent surfacing displacement (sold separately)
- 19-1/2" wide x 6' long x 52" high when installed
- Use zone: 18'0" x 14'0"
- Color as shown

02-01-0025 Optional Tire Boost Package

Playshell Circular Climber

BT278

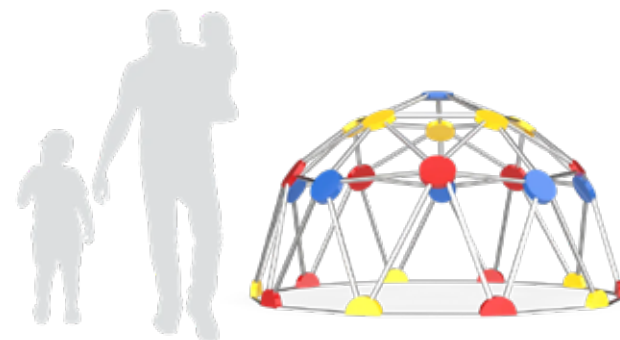

- Appropriate for ages 5-12
- Think of the Circular Climber as an endless traverse event. The round shape offers a multi-level activity that builds balance and coordination
- Fall Height: 5'6"
- Space Required: 20'7" x 20'7"
- Color Options p. 75

Moon Crater Climber

UPLAY-032

- 2-5 years or 5-12
- The various textures and access points make for a creative climbing experience and provide a cool area for kids to relax
- Fall Height: 4'5"
- Space Required: 21'0" diam.
- Colors as shown

Geo Dome

PMOON

- Appropriate for ages 5-12
- A classic, colorful climbing addition to any playground
- Fall Height: 3'6"
- Space Required: 20'0" diam.
- Colors as shown

UltraToss UP114

Toss the balls into the funneled top opening and catch them as they exit the numbered openings (1 to 3).

- Rotomolded plastic funnel w/steel post
- 8' 0" high when installed
- Color as shown

Paint & Play

66575P - Red | 6675N - Green

The clear, durable polycarbonate window is great for painting with watercolors. Holes in the shelves provide a handy place to rest paint cups and brushes, and the window is washable for reusable fun. Does not include paints, brushes, or supplies.

Learning Puddle

MEC008 - Standard

MEC026 - Accessible Learning Puddle

Children are naturally drawn to water, and The Learning Puddle is no exception. Perfect for ages 2-5 and 5-12, it is a critical sensory experience for children's healthy development. Approximately 3' x 3'

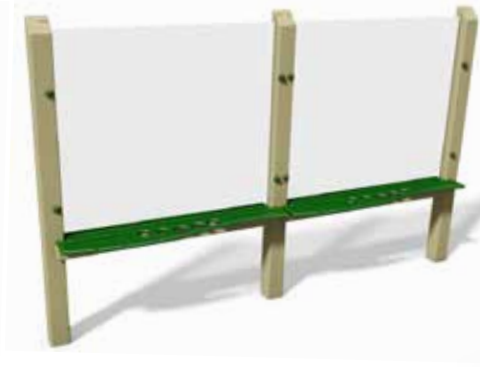

Freestanding Play Panels

Single Art Mural

MBT203

- 2-5 years or 5-12
- Dimensions: 48"w x 12"d x 56"h

Double Art Mural

MBT206

- 2-5 years or 5-12
- Dimensions: 93"w x 12"d x 56"h

Gallery Panel

MEC005

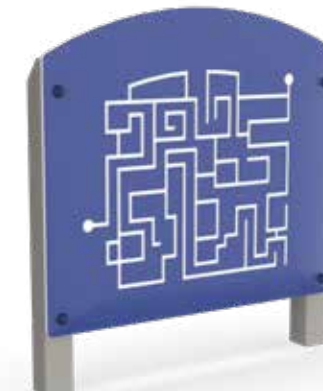

- Clear plastic pockets for displaying children's artwork
- Dimensions: 54"w x 7"d

House Panel

*See page 80 for swing bay color options

Warning: Installation over a hard surface such as concrete, asphalt, or packed earth may result in serious injury from falls.

Services

Nationwide Installation Program

We offer affordable delivery and installation pricing throughout the continental USA for all products shown in this catalog.

Our third party vendor has been providing quality installation and delivery services since 1978.

Call your representative to learn more about this program.

Standards & Organizations

A few of the standards & organizations that guide our design and manufacturing processes.

The ISO 14001 designation certifies that our manufacturing facility is environmentally responsible and that we strive to reduce our carbon footprint every day.

ISO 9001 industry certification provides a quality management system that sets quality control measures and processes for equipment design, development, production, installation, inspection, and testing.*

Our products are tested to meet or exceed ASTM standards, the globally recognized leader of international standards designed to improve product quality and enhance safety.

The Consumer Product Safety Commission informs the public of current product safety performance and recommended practices. CPSC standards are cited in the NAEYC Early Childhood Program Standards and Accreditation Criteria Guidance as a reliable source for playground safety standards.

We believe everyone should have access to play. Many UltraPlay products meet the guidelines of the Americans with Disabilities Act.

The International Playground Equipment Manufacturers Association (IPEMA) provides third party product testing and validates compliance by publicly posting product validation certificates on their website. To verify product certification, visit ipema.org.

Playground Planning 101

Things You Should Know Before You Start

LET'S START WITH THE BASICS

Budget

There are 3 cost components to consider for constructing a play space: play equipment, surfacing, and installation.

Who is using the play space

Consider how many children will be using the space and their age range. Age range is defined by 2-5 year olds and 5-12 year olds. This can have an impact on what types of equipment is right for your space

Total Space Available

Mandatory safety guidelines must be followed to ensure the best possible play space. Measure the space Length x Width, so you can choose the right equipment for your needs.

Completion Date

Communication and upfront planning are key to keeping your project on track. Unfortunately, Mother Nature and Murphy's Law are real things. When unforeseen challenges occur, like weather, we work with all parties to get through them and finish the job as timely as possible. Meeting your completion needs is as important to us as it is to you.

FREQUENTLY ASKED QUESTIONS

How long do playground installs usually take?

Contact us for current product lead times. Once product is received, the installation can take anywhere from 3-10 days depending on the complexity of the project: however, unforeseen challenges such as excessive inclement weather can delay installation.

Do I need to apply for a local building permit?

Depending on your location and the equipment to be installed, a permit may be required. A permit is an official approval issued by your local government, allowing you to construct a playground project on the property. Permits cover a wide range of issues pertaining to both how a project is installed and addresses zoning, electricity, sewer lines, water pipes, etc. located under the ground that need avoiding. Contact your local government to check on your local permit needs, and ensure that all underground utilities are marked prior to installation.

What does it mean to "site prep"?

Make sure the site is flat and ensure that there is proper drainage to avoid pooling water. Everything we do in site prep is to ensure the safety of the children playing on our equipment.

What do I need to know about site access during installation?

Often times, installation requires access to water for the pouring of equipment footers and borders. Does your site have easy water access? Are there fences around the site? If so, can a section be temporarily removed to allow trucks and bobcats inside to drop equipment and surfacing? For safety reasons, can the site be closed off to public use during installation? Is there space for the equipment to be stored during assembly? Is the site secure through the night and on weekends? Is there suitable waste options for the team, or do we need to arrange for one?

INSTALLATION & SURFACING MATRIX

Model #	Product Name	Pg.	Use Zone	Ages	Minimum Timbers	Minimum Cubic Yards of EWF	Standard Mounting System	Mounting Kit Options (Sold Separately)
