Loose Rubber Mulch at 5" depth	\$6,800.00
Poured-in-Place Rubber at 2" Thickness	\$21,500.00
Synthetic Turf with Rubber Base	\$27,000.00

prices shown are with installation and are approximations

POURED-IN-PLACE (PIP) RUBBER

OVERVIEW

Initial Price	\$\$\$\$
Annual Cost	\$
Maintenance	minimal
Longevity	15+ years
Warranty	3 years

HELPFUL FACTS

The most cost-effective selections for PIP include 50% black and 50% of a selected color. Adding multiple colors or 100% color will affect the total cost.

Poured-in-Place Surfaces provide durable critical fall protection for children's playgrounds, "trike tracks," pool decks and water play areas; they are also ideal for walking tracks and fitness trails. ASTM, CPSC and ADA compliant, Poured-In-Place surfaces can be designed and poured in wonderful combinations of patterns and graphics that cannot be achieved using square tiles. Recommended to be installed only by professionals, a choice of Poured-in-Place surfacing allows limitless design freedom.
