Loose Rubber Mulch at 5" depth	\$6,800.00
Poured-in-Place Rubber at 2" Thickness	\$21,500.00
Synthetic Turf with Rubber Base	\$27,000.00

prices shown are with installation and are approximations

SYNTHETIC TURF

OVERVIEW

Initial Price	\$\$\$\$
Annual Cost	\$
Maintenance	Annual
Longevity	15+ years
Warranty	3 years

HELPFUL FACTS

*Turf is typically a cooler
surfacing choice*

*Finished product mimics
grass for a more natural look*

*Turf can include inlaid
striping for various sports*

Turf is an engineered grass product designed to bring the look of real grass to your environment. Unlike real grass, however, it offers height appropriate impact attenuation and provides the appearance of a beautiful lawn that never needs mowing!

Your turf will be laid over a cushion pad to provide drainage and fall attenuation properties up to 12'. After the turf layer is installed, the infill is worked into the blades to discourage flattening.

Properly installed, it offers adequate drainage, great impact attenuation, long wear, and ADA accessibility in playground applications.
